JEFFERSON ALUMNI ORGANIZE

More Than 150 Former Students Attend Dinner

If you're a graduate of Jefferson Union high school, has it been a long time since you've seen a lot of kids with whom you used to pal around? Perhaps it has, but from now on you'll get a chance to rub elbows and swap stories occasionally with your old class mates.

More than 150 Jeff hi alumni did just that thing last Saturday night at Richelieu hotel in S a n Francisco. Sponsored by Pete Markovich, Paul Green, Roy Wilson and an active group of Jefferson graduates, this first alumni dinner dance and get together proved to be a very popular affair. It was attended by men and women from the class of '27 down to the class of '40.

Another alumni meeting will be held soon. According to Markovich and other leaders, plans are now being laid for an alumni organization.

Watch this newspaper for further news and announcement of the organization meeting date.

Below are listed the names of former Jefferson students who attended the Saturday night dinner dance:

Dick Ragni, Pete Scalia, Ernest Coerett, A. Wright, Melford Storrwick, Elayne Wadiker, Jack Wilson, Ray Ming, Bob Rankin, Raymond Denning, Dick Schultz, Roy Guisti, Vincent Carboni, Kendal Van Pelt, Rose Sorich, A. Add 60 Men To South End Streets Crew

Speeding completion of the South End streets improvement job, approximately 60 more WPA men went to work on the project yesterday.

An experienced water crew from a sewer project which closed last week in Burlingame, t h e new men will work on the six inch water main on Hillside boulevard. It is not known how long they will remain with the Daly City project.

Sidewalks and curbs are now finished on Peter, Paul and Bismark streets, according to Superintendent W. Arnold, who heads the project for WPA. Approximately 2100 feet of sidewalks and curbs have been constructed. Grading was completed on Station avenue yesterday, he said, and laying of curbs and sidewalks will start today.

It is expected that base rock for street pavings will be started within a ten-day or two-week period. It is planned to start street paving on Peter, Paul and Station.

Vacations Are In Order For Just About Everybody

Shown above are Daly City youngsters who have had their share of summer vacation fun. Top two pictures show boys and girls leaving for Camp Shadowbrook—most of them earned their own way to this camp in the city beautification program co-sponsored by the WPA Recreation department, Mr. J. W. Marchbank and The Record. In the lower picture scouts and cubs of Troop 141 are shown having a grand time at scout camp in the Santa Cruz mountains.

To Register County's Aliens

San Mateo county's unnaturalized foreigners will be subject of registration and fingerprints, starting August 27 when first and second class post offices on the Peninsula take over the task of listing all aliens.

Various Peninsula post offices have been notified by the postmaster general's office in Washington that they will be required to participate in the registration program. Definite information regarding Daly City's participation will be announced later.

It has been estimated that there are more than one million aliens in California to be registered.

With a large foreign group to register, San Mateo postal officials already have organized voluntary committee heads in t h e various racial groups to assist in speeding the program.

It was stated that the San Mateo foreign population is divided mainly in four groups—Italian, Japanese, Greek and German—with the Italians and Japanese in the largest numbers.

At none of the Peninsula offices, however, has definite information regarding the registration been received.

The aliens will be allowed four months in which to register, according to the provisions of the Alien Registration Act, which was approved by the President June 29. The registration forms, after completion, will be turned over to the Department of Justice for investigation.

Mrs. Ella Herman Found Dead At Home

Lying face down in a small pool of blood, with the radio on the kitchen table still playing, Mrs. Ella Herman, 65, was found dead at her home, 226 Crocker avenue, by Daly City police Sunday morning.

Apparently the victim of natural causes, Mrs. Herman h a d been dead more than a week. First suspicions that all was not well with the elderly lady resulted when newsboys reported that her papers were accumulating on the porch. Oldest newspaper found by police was dated July 27. Henry Rolff, near-by grocer, also notified police.

Police found Mrs. Herman wearing nightgown, dressing gown

Troop No. 141 Serve Hot-Cakes At Exposition

Boy Scout Troop No. 141 served hot-cakes fresh off the grill to Exposition visitors on Treasure Island Monday.

Taking over the Boy Scout exhibit in Vacationland for the day, the Daly City youths demonstrated work for their cooking merit badges. From a small mill of their own, they ground wheat into flour and converted the flour into fragrant hot grill cakes. Presiding at the grill were Chefs Bill Reardon and Paul Underhill.

Entertainment features included an unusual mind-reading stunt

City Engineer To Visit Alaska

City Engineer Robert A. Klassen leaves this week for Alaska. He will spend an entire month visiting the beautiful Northern territory, the first vacation he has taken in twenty years.

During Klassen's absence, the duties of city engineer will be taken over by Ralph Morser, well-known Peninsula engineer.

City Clerk To Resume Duties August 19

City Clerk B. C. Ross is enjoying a brief vacation from his duties at the city hall. During his absence Mrs. Alice Braumoeller, deputy city clerk, is taking charge of the office.

Mr. Ross will resume his work August 19.

Maybe It Isn't His Life Work ---

Deer hunting may not b e Police Sergeant "Bill" Sunderland's life work, but he indubitably proved his talent for it last week.

Frank DeLosey, 290 Miriam street, and Bob Fessenden, Westlake Market proprietor, both veteran hunters of many years standing, debated for a long time last week before they finally decided to take Sergeant Sunderland hunting with them. The two old-timers concluded that, if they showed him how to shoot, the inexperienced hunter wouldn't slow them down too much.

Fessenden and DeLosey returned home empty-handed Friday, while Sergeant Sunderland picked off a forked horn buck that weighed 108 pounds dressed.

Another Stallion Arrives For Posse

Dick Clark, San Matean member of the county sheriff's posse, has just stabled his beautiful thoroughbred stallion, "Mucho Mio" at Hollywood Stables in Colma, according to word received today.

This makes four different breeds of stallions now being used in the San Mateo county sheriff's posse as mounts for their owners.

First stallion to join the rest of the horses in the group w a s "Golden Boy," a Palamino belonging to Ed Allen of Daly City, local member of the posse. "Golden Boy's" cream-colored coat a n d pure white mane and tail have won him much admiration from horse lovers.

Next stallion to be acquired was a beautiful cherry-bay Morgan, owned by Mr. Bydee of South San Francisco.

The other member of the quartette is a brown and white pinto stallion named "Rex," owned by Mr. Filippi of Redwood City. Rex won the title of "most beautiful horse" in the last Columbus day parade in San Francisco.

All of these spirited stallions will be on Treasure Island in the World's Fair Rodeo, August 31 and September 1 and 2, according to the owners.

Members of the San Mateo Sheriff's Pistol and Rifle team will cooperate with the posse in arrangements for the huge three-day Western event.

Much interest has been aroused recently by the "Queen of the Rodeo" contest whose grand prize is a \$500 Palamino horse complete with trappings.

FIESTA ENTRIES NUMEROUS

Urge All County To Participate In Annual Event

Swinging into the final drive on arrangements and organization of exhibits, the San Mateo County Fiesta association announced today a heavier list of entries in the floral and agricultural competitive displays to date than at the same period last year.

Meanwhile, urging all San Mateo county residents to support the Fiesta, September 18 to 22, T. J. Hallinan, president of the San Francisco Peninsula Inc., pledged full co-operation of his organization in insuring the success of the event.

"The response shown by both professional and amateur exhibitors," said Bruce Gibson, Fair association president, in reference to entries, "indicates plainly that the Fiesta will this year surpass any of the forerunners in size and elaborateness.

"Good news, too, is the fact that, even at this early date, more than half the commercial booths are contracted for. Likewise, great interest is being shown in the two features of this year's Fiesta, the amateur photography contest and the special display on hobbies. We believe that these competitions will present a 'human interest' attraction that cannot fail to command great attention.

"In line with the policy of the association to present outstanding entertainment, we are attempting to line up some of the topmost radio features and personalities, radio headliners familiar to everyone in America."

Hallinan said that "aside from the enjoyment it gives Peninsula, the Fiesta is one of the most valuable forms of community promotion ever conceived."

He said it brings thousands of out-of-county visitors and prospective homeseekers to the Peninsula.

Barn Dance To Culminate Summer Program

An old-fashioned barn social, to which the public is invited without charge, will culminate a summer of fun for the General Pershing Junior Recreation group.

Slated for the afternoon of August 21, the social will feature an entertaining program, free refreshments, music, dancing and games.

The General Pershing school, located at 631 Hanover street, will be decorated for the occasion. Old clothes are in order as costumes, said Mrs. Clara Mitchell a n d Miss Marie Bell, WPA Recreation leaders in charge of the event.

"This is for everyone in town, old and young alike," explained Bruce H. Boynton, Recreation chief, today. "City officials, parents and leading citizens interested in Recreation activities will be present. This is the biggest social event of the summer. Get out those old clothes and have a good time with us.

"Remember the date — August 21!"

Frigidaire Presents Tips For Housewives

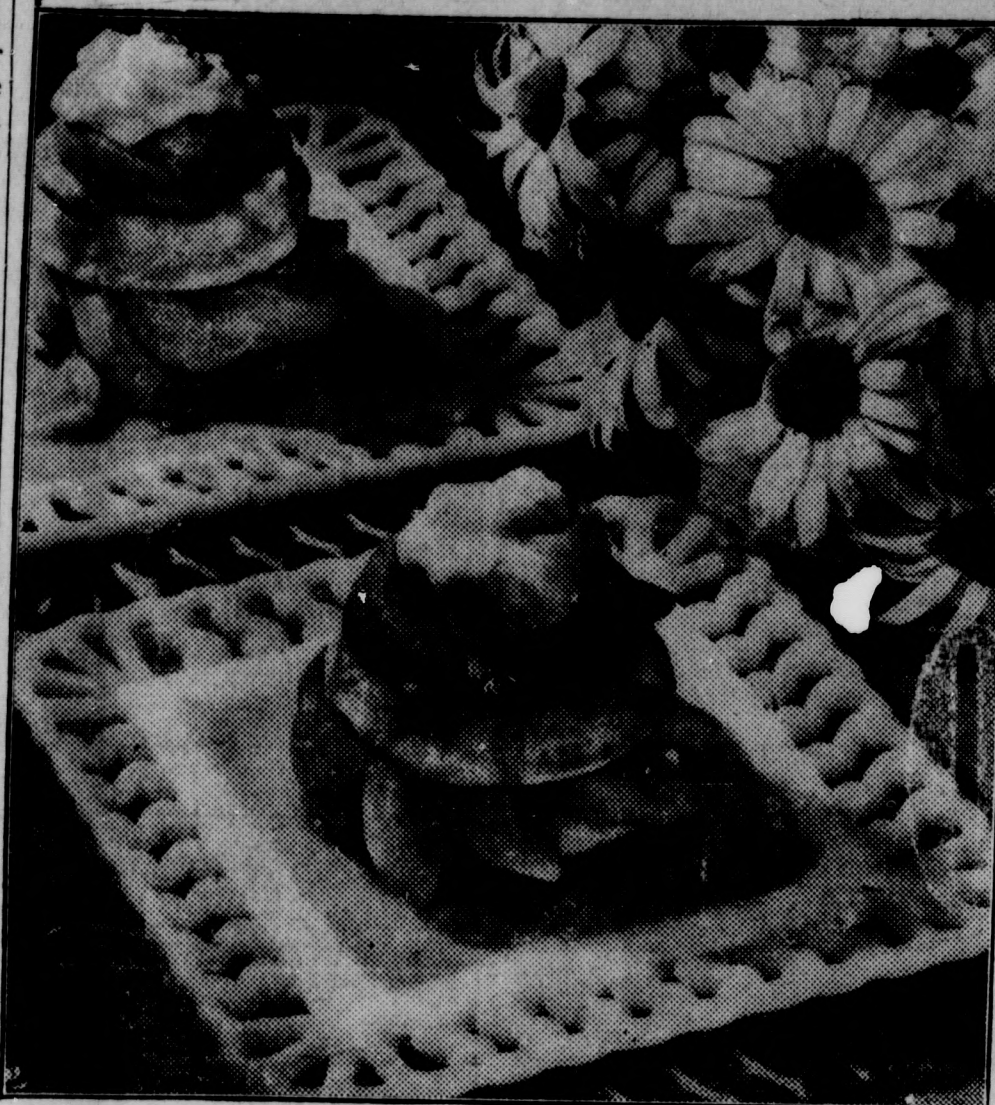

Take a warm bright day, one out-of-doors spot someplace away from town, a picnic basket loaded with tempting sandwiches, salad, cake and other items, mix well, and you have the recipe for a highly successful picnic. Most important of all, the contents of the picnic basket should be prepared with consideration for the "over-size" appetites that seem to develop the minute a group sits down to a picnic feast.

The modern woman getting ready for a picnic need not engage in a last minute flurry of sandwich and salad making in order to assure herself that everything will be fresh and delicious when it is served.

"Ending the necessity for last minute food preparation is just one of the many advantages a home-maker enjoys with this form of refrigeration," explained the salesman at Belli Hardware company, Daly City-Colma, Frigidaire appliance store.

"Known as the 'Cold-Wall', this type of refrigerator preserves left-overs longer, keeps fresh fruits and vegetables in their nat-

These Fresh Peach Shortcakes make it a party!

What's so different about them? Just have a taste!

• Two easy secrets transform ordinary shortcakes into this dessert de luxe—guaranteed to make folks sit up and take notice!

First secret—grated orange rind added to the shortcake mixture. Second secret—rich biscuit dough made with a one hundred per cent all-vegetable shortening containing no moisture or added ingredients. Use Spry, and your shortcakes will be light as a feather and flaky-tender. And Spry's purity and blandness fairly push the delicate orange flavor through to the finished shortcakes. Juicy, fragrant peaches taste so good in this delicious combination.

Remember—these fresh peach shortcakes are easy, luscious and inexpensive to make. When the family calls loudly for "seconds" you'll be glad you clipped the recipe.

ural moist condition, and prevents drying out of all other foods.

"Using a 'Cold-Wall' model, a homemaker finds it possible to make sandwiches hours ahead of time. After the sandwiches are made, they may be placed on a plate and stored in the 'Cold-Wall' section, without a cover, where regulated humidity keeps them fresh and appetizing. A bowl of potato or green vegetable salad may be kept in the same way and will have the same delightful flavor it would have if prepared just before packing.

"These facts about the 'Cold-Wall' illustrate the modern food keeping advantages it makes available and show how homemakers can enjoy a new variety of refrigeration convenience."

FRESH PEACH SHORTCAKES

3 teaspoons baking powder	½ cup milk (about)
2 tablespoons sugar	6 peaches, peeled, cut in pieces, and sweetened
1 teaspoon salt	½ cup heavy cream, whipped
½ cup Spry	

Sift flour with baking powder, sugar and salt. Cut in Spry and grated orange rind until mixture is as fine as meal. Add milk, mixing until a soft dough is formed. Knead lightly about 20 seconds.

Roll to ¼-inch thickness. Cut with 3-inch biscuit cutter. Spread half of the biscuits with Spry and place remaining biscuits on top. Place on baking sheets. Bake in very hot oven (450°F.) 8 to 10 minutes.

Split biscuits and put together with peaches. Top with sweetened whipped cream. Serves 6. (All measurements in this recipe are level)

1940 Chevrolet Accessories Prove Highly Popular

To all motorists desirous of adding a "personal touch" to their cars, attention was called this week by M. J. Soldavini to the many safety and driving comfort accessories that have been made available for the 1940 Chevrolet series, now on display at Belli Motor company, Mission and Market streets, Daly City.

"It has been the experience of Chevrolet designers, that no matter how thoroughly a car may be equipped, the great majority of owners like to add a touch here and there, as an expression of their own personalities," said Soldavini. "Our accessories department has been set up to assure Chevrolet owners satisfaction in two important ways," Soldavini continued. "First, to provide accessories that will heighten driving safety, comfort, convenience, or pride of ownership, and, second, to offer motorcar items that are engineered specifically for the Chevrolet car."

Outstanding of the accessories that are most popular with motorists at this time of year, Soldavini pointed out, are such features that increase the all-around pleasure of driving. "For the 1940 Chevrolet series there are three new and distinct types of radio, all of which afford the maximum in clear and satisfactory reception."

Also popular with motorists who do both city and country driving is the new dual horn. Easily operated by means of a switch directly in front of the driver, the horn may be changed from the city traffic tone to the increased volume necessary for highway and country driving.

Other accessories, especially useful for summer driving, include ventipane screens, seat covers, the vanity visor mirror, which has won the immediate acclaim of women drivers, newly designed fog lamps and steering column control directional signals.

Mrs. Ella Herman Found Dead At Home

(Continued from page 1) and slippers. Blinds were pulled down, lights were turned on and the radio was playing, as it apparently had been for the past week.

A member of the pioneer Sutter family, Mrs. Herman leaves a sister, Mrs. Amanda Hoese. Funeral services will be conducted at 2 p. m. this afternoon from the W. C. Lasswell funeral chapel, with interment at Cypress Lawn cemetery.

State Fair Livestock Entries To Close

Entries for the livestock division at the California State Fair, which opens in Sacramento August 30 and runs through September 9, will close at midnight August 15, Kenneth R. Hammaker, secretary-manager of the fair, announced today.

Due to the heavy list of entries, the closing deadline will be strictly enforced, and each exhibitor is requested to carefully read the entry blanks due to the change in entry fees.

By arranging the judging ring in the livestock barn, it is possible for 90 head more to be entered this year than previously.

CHEVROLET TRUCKS LEAD IN SALES..

because they lead in economy,
dependability and value!

TRUCK OWNERS WANT FACTS...CHEVROLET GIVES Certified Proof

On the longest test run ever conducted under the supervision of the A.A.A., a stock Chevrolet 1 1/2-ton truck turned in a marvelous performance record. These facts are clearly outlined in a booklet entitled "Say Who?" You may obtain it from your Chevrolet dealer or by writing to Chevrolet Motor Division, General Motors Sales Corp., General Motors Bldg., Detroit, Mich.

Chevrolet trucks lead in sales because they have the most desirable balance of power, economy and durability—power to do the job well, economy to do the job at low cost, and durability to stay on the job. That all adds up to value—exceptional value that has kept Chevrolet trucks out in front in sales—leading again in 1940, as they have led year after year. Consider modernizing some of your trucking equipment now—all models and types of Chevrolet trucks are still available at today's low price level.

TREE-PLANTING

The Record's indorsement of the suggestion that a tree-planting campaign be inaugurated for Daly City has aroused much discussion. Several letters praising the plan, as well as several voicing objections, have been received.

Next week The Record will publish some of the letters on this subject. In the meantime, what do you think of it? Let us know.

Details of the plan have not been worked out but the general suggestion is to make small, decorative trees available to residents here in order to beautify the appearance of Daly City streets, as well as the property in front of individual houses.

POLITICAL NEWS

The Daly City Record will follow its open-door policy in handling political news in the current election. Believing that a more intelligent decision can be reached by the voter after hearing all sides, The Record will publish, during the pre-election period, releases from all the candidates seeking county and state offices.

We urge that all of our readers will give the thought and time necessary to intelligent voting. Don't forget—ELECTION DAY is AUGUST 27.

Your Fire Alarm System

By A. J. Bodien, Superintendent

Often we look at a red fire box on some telegraph pole as an ornament but many times it turns out to be a real friend. So we are asking all residents of our city to look up this little friend and know where he is located in case of a fire. Or mark the number of your police department telephone, Randolph 4212, near your telephone, which may save time in calling the aid of the fire department.

Daly City has many fire boxes located throughout the city and more will be installed as we expand.

You will find the firemen of your city a fine lot of men who are always at your call and anxious to be of great service when needed.

Your fire alarm system has about fifteen miles of wire looping all boxes with a central station located behind the city hall that has many fine instruments that demand great care.

From January 1, 1940, until August 1, 1940, a period of seven months, your alarm system called the fire department to the following:

Nine house fires; 6 auto fires; 6 grass fires; 9 false alarms; 1 basement fire; 1 chimney fire; 1 gas pump fire; 1 roof fire; 1 ditch cave-in; 1 disaster call. These calls were in addition to the three blasts heard every day at noon.

Help Daly City keep fire losses and insurance rates down by using your fire boxes only in case of fire and remain at fire box until the department responds so you may direct firemen to location of fire.

A. J. Bodien,
Superintendent Fire Alarm System.

Extend Stay
Of Spectacular
1940 Ice Follies

San Francisco was given two more weeks of the season's most spectacular show yesterday when the current local appearance of the Ice Follies of 1940, showing nightly at Winterland, was extended for two weeks.

The dazzling ice revue was to have closed early in August so that the troupe could leave to play in Hollywood and twenty other North American cities. A tremendous demand for tickets made the local extension necessary, however.

Word of the longer engagement was accompanied by announcement of another matinee, to be held Saturday, commencing at 2:30 p. m.

Different from stage production because the entire ice rink is the stage and different completely from last year's sensational show, the new Ice Follies is attracting capacity audiences, it was announced.

Most elaborate production number is the "Arctic Fantasy," which introduces the 1940 edition of the ice extravaganza.

This spectacular opening combines the full forces of the cast of 65 into a colorful prelude. Taking place in a far-North setting of igloos and northern lights, one group of blade ballerinas simulates the splendor of the Aurora Borealis by means of 30-foot streamers of vari-colored china silk.

Ice Follies tickets are available for every performance at Winterland, Walnut 0112; at Sherman Clay box offices in San Francisco and Oakland, and by mail order addressed to Winterland, Post and Steiner streets, San Francisco.

Aquacade Plays
To Throngs
At Treasure Island

Billy Rose's Aquacade played to five million people at the New York World's Fair in 1939.

At San Francisco's Fair in 1940 Aquacade is assured of playing to two million people in the 128 days of the Golden Gate International Exposition before it closes September 29.

But Rose's San Francisco operation, seating 7000 people indoors in the world's largest theatre, is comparatively even more successful than the New York operation of last year in that Fair's Marine Amphitheater. It is, in fact, setting new world's fair records for percentage of front gate attendance at Aquacade. Where the 1939 Aquacade in New York averaged slightly better than 20 per cent of the front gate figures, the San Francisco Aquacade is maintaining a steady 33 per cent of the G. G. I. E. attendance. On Memorial Day a new high percentage of 40 per cent was registered by the amazing Aquacade.

This means when the 1940 Golden Gate International Exposition reaches its third million, estimated as occurring about the 70th day of the Fair, Billy Rose's Aquacade will have had its first millionth customer. The Fair's first millionth visitor was No. 333,055 at Aquacade, according to Emmett Callahan, director of the Aquatheater.

Public demand has caused Billy Rose to add a fourth show daily to match his regular week-end playing schedule. Aquacade performance times are now 2:30 and 4:30 matinees and 7 and 9 o'clock evening performances every day.

"Waterloo Bridge"
Introduces New
Cinema Love Team

It was like homecoming for Vivien Leigh and Robert Taylor when they were starred in "Waterloo Bridge," picturization of the famous Robert E. Sherwood stage play, which comes tomorrow to the Daly City theatre for an engagement of three days.

The setting of the picture is London, where Miss Leigh and Taylor met three years ago to make "A Yank at Oxford," the film that started the English actress on the way to fame, realized with her Academy Award performance as Scarlett O'Hara in "Gone with the Wind." But their new romantic teaming takes place during more graphic and exciting periods than the stars experienced when last in England, with the scene of "Waterloo Bridge" laid in wartime London of 1917 and 1940.

One of the tenderest romances brought to the screen since "Seventh Heaven," the story is woven around the whirlwind courtship and love affair between a ballet dancer and a handsome young officer. They meet on Waterloo Bridge during an air raid, are engaged in twenty-four hours, and then are separated on their wedding day when he is suddenly called back to the front. She reads that he has been killed in action. But a year later, they are brought together again at Waterloo Station, when he returns after having been held in a prison camp.

Companion feature on the new bill will be "Tear Gas Squad," "Cinderella's Fella," a special technicolor featurette will also be shown.

Bowling League Concludes Season

San Bruno took top honors in bowling titles, last Tuesday evening, when San Bruno Exchange club finished off the Merchants League bowling at Burlingame Bowl by defeating San Bruno A. C., two games to one, in a championship rolloff.

The Exchange club had annexed the 9:30 division crown in play which was completed last week, while the A. C. won the 7:30 division championship.

Playing in the 9:30 division of the league this season were two Daly City teams, Milo's Market and Universal Press, who held fourth and fifth places respectively as the league play closed.

Northern San Mateo County Bowling association met Friday evening in San Mateo to map plans for the opening of the 1941-42 season in mid-September.

The association, which sanctioned six Winter and two Summer leagues during the past year, will include all Burlingame and San Mateo men's leagues this season at demand of the American Bowling Congress.

The word "northern" was added to the association name because the Redwood City association also is in the county.

It appears there will be at least ten sanctional leagues, five in each city. In Burlingame, the Major and Telephone company leagues will roll on Monday night,

Make Annual Report On Fish And Game Fund

San Mateo County Fish and Game Propagation Fund this week made public the report for the fiscal year ending June 30.

During the month of June the fund was enriched considerably. Judge Wade H. Clay fined three lawbreakers \$100 each for illegal operation of a drag net.

For the fiscal year the fine situation (suspended fines excluded) sums up as follows in San Mateo county (this county receives one-half the amount for use for fish and game propagation purposes): Fourteen fish cases—Total fines, \$520; average, \$37.14.

Thirteen shell fish cases—Total, \$135; average, \$10.38.

Four bird—Total, \$55; average, \$13.75.

One hunting—\$5. The 32 fines brought \$715—an average of \$22.35 each.

Merchants and Classic 875 on Tuesday, 850 on Wednesday, Women's (not sanctioned) on Thursday and Service League on Friday.

Each league this year will have its own set of pins, marked by a distinctive color band.

Weight of pins also was discussed. ABC rules say pins shall weigh from 3.3 to 3.8 pounds and the association tentatively agreed on 3.5 or 3.6 for all but beginners' leagues—the Merchants in Burlingame and Civic Center in San Mateo. The beginners' leagues, for bowlers averaging 170 and under, would use lighter wood.

When you borrow from Bank of America to buy or build, you establish a valuable credit relationship for other needs such as modernization or additional improvements to your property; personal loans; or the financing of an automobile.

R. C. MacArthur

**Candidate for Supervisor,
First Township,
San Mateo County**

Scores of his supporters have been diligently at work in his behalf over a lengthy period, added impetus to a county-wide move to elect Ralph C. MacArthur to the post of Supervisor of San Mateo county is in full swing today.

Recognizing in Ralph C. MacArthur a man with outstanding qualifications to handle the important post of Supervisor, his sponsors, friends, and supporters were united in their belief that Mr. MacArthur is the man best suited to represent the First Supervisorial district, as well as the rest of San Mateo county.

Having lived in the city of Burlingame for twenty years, and having been a successful executive and businessman in the county for thirty years, he has a knowledge of the needs of this community at his fingertips, it is pointed out by the businessmen, civic leaders, and organizations urging his election.

Among MacArthur's qualifications, it is pointed out by his backers, are years of banking experience, including that of manager of banks in Burlingame and in Daly City; experience in real estate, contracting, and other important managerial and executive posts.

Recognizing these unusual qualifications, businessmen of the county are solidly backing MacArthur as a businessman's candidate for Supervisor.

Additional recognition of MacArthur's qualifications was given when he received the unsolicited indorsement of the Italian-American Federation of Northern San Mateo county, and the unanimous endorsement of the Lafayette club of San Mateo county.

A property owner and tax payer in the city of Burlingame and San Mateo county, Mr. MacArthur has identified himself with civic and fraternal activities.

A veteran of the World War and member of the American Legion, Mr. MacArthur has a thorough knowledge of the thoughts and needs of his neighbor, townsmen, and fellow citizens, it is pointed out by the large sponsoring group seeking his election. He has no alliances; is independent and seeks only to serve San Mateo county to the best of his ability.

(Signed) Citizens Committee For MacArthur
For Supervisor.

Thomas L. Hickey

**Candidate for Supervisor,
First Township,
County of San Mateo**

Thomas L. Hickey, who for 45 years has been a resident of San Mateo county, and for 16 years has represented our county as supervisor, is re-entering public life with the same fighting spirit that brought him an enviable reputation as an honest conscientious and efficient servant for all the people. Tom Hickey as supervisor persistently fought for the betterment of the county, his outstanding accomplishment being the Community hospital, which truly is a credit to the county, where the best medical service is available for the unfortunate.

Other projects credited to the untiring efforts of Hickey were the pay-as-you-go system, thereby saving the county over one half million dollars in bond interest; securing the double underpass in South San Francisco on the Bayshore highway; introducing the movement to build the Bayshore highway; presenting resolutions for increased pay for labor, school teachers, motor police and building trades scale; fathering the Memorial park; and, many other worthy, progressive, and constructive projects.

Mr. Hickey is making no pre-election promises other than this: if elected to the office that he understands so well, San Mateo county will have fighting two-fisted Tom Hickey working in harmony with other board members and actually getting things done.

(Signed) Committee for
Tom Hickey.

L. C. Christensen

**Statement of Louis C.
Christensen, Candidate for
Supervisor, Third Township,
County of San Mateo**

Louis C. Christensen is a retired business man and has been a substantial property owner of San Mateo county for the past twenty years. He is now and has been for the last fourteen years a resident of Redwood City. He is a member of the council of the City of Redwood City, having been elected to that office for two four-year terms. The last two years he served as its mayor. Mr. Christensen always maintained an open mind before making decisions on all subjects and suggestions coming before the council until arguments pro and con could be presented.

If elected to the Board of Supervisors of San Mateo county, Mr. Christensen will make every effort to serve the people of our county in the most efficient manner. He is for a progressive government and is conservative in the spending of the taxpayers' money. His record shows he has been a staunch advocate of economy and efficiency at all times.

He is in favor of the government's policy on National Defense and feels that the Board of Supervisors, as well as all other boards and bodies, should assist in every way possible. With a great drain on the taxpayers at the present time, he feels that large capital expenditures by the

Mr. Christensen further pledges to the people of San Mateo county that, if elected, he will use his best endeavors to work harmoniously with other members on the Board of Supervisors, as well as all county officials.

Dan A. Dolan

**Candidate for Supervisor
First Township
County of San Mateo**

Daniel A. Dolan, prominent young Daly City business and construction man, is waging an intensive campaign for election to the San Mateo county board of supervisors to fill the post to be left vacant by the retirement of Board Chairman H. H. Smith.

In discussing his campaign, Dolan said he is independent of any individual or group political support in the county, and when elected will have no political debts to pay.

"The national census, just completed," Dolan said, "shows San Mateo county to be probably the fastest growing community in California, if not the nation. Instead of stagnating, its governmental setup should keep pace with this progress, and give the people the kind of government they have the right to expect."

"In one way the present government is setting something of a progress record in the manner of expenditures. While the percentage of gain in population since the last census is something to be proud of, the percentage of gain in supervisorial spending is something else again. During the past decade county government expenditures have virtually doubled."

"It is my opinion that the people themselves should decide, in time of national emergency especially, whether they want to obligate themselves for hundreds of thousands of dollars worth of

non-essentials, while the federal government is imposing new and heavy taxes to take care of the national defense program.

"It is my opinion also, that when costs of county government soar to the extent they have soared in this county, there should be some additional or improved service to show for it. I haven't been able to find anyone yet who thinks the increased costs have been reflected by the services in comparison to the new tax levies."

"I know San Mateo county can have the finest government with a little co-operation, and a good portion of common sense and business-like methods applied to its governmental affairs."

Dolan for the past ten years has been a resident of Daly City where he now resides with his family. Following high school and a college course in engineering, he entered the construction and building supply business as a member of the firm known as the Dolan Wrecking and Building Supply company. At the present time his firm is engaged in an active building program in Daly City and Menlo Park. He is a member of the Colma-Vista Grande Aerie, Fraternal Order of Eagles and the Native Sons of the Golden West. He has taken an active part in civic and social affairs of the county.

Harry Parkman

Candidate For State Senator

State Senator Harry L. Parkman, San Mateo county's representative in the state legislature for five terms, has announced he will be a candidate to succeed himself as state senator at the primary election, August 27. In view of the California political setup and in keeping with his belief that state legislative offices should be non-partisan, Senator Parkman will be a candidate on both the Republican and Democrat tickets, as has been his custom in the past.

The San Mateo county state senator was first elected to the legislature as assemblyman. Later he was elected to the senate post, where he has served ever since. In the 1936 election Senator Parkman received the highest number of votes ever given to a candidate for public office in this county.

During his incumbency at Sacramento, Senator Parkman has served on the most important committees of both houses, has the reputation of being one of the ablest and best-informed legislators in the state. His record points out that San Mateo county receives consideration equal to that accorded any county in the state because of Senator Parkman's seniority, prestige and experience.

During his career in the state senate, San Mateo county has received major highway improvements second to none. In addition his efforts at Sacramento prevented squandering of state money in reckless fashion, but at the same time he has given his active support to measures designed to provide proper care for those in need of assistance.

(Signed) Committee For Parkman For State Senator.

Members of Boy Scout Troop No. 141, they were accompanied by Joseph Straughan, scoutmaster. The group plans to return home Saturday.

Clive M. Saiz To Speak At San Bruno Sunday

Clive M. Saiz, Jefferson Union high school instructor, will address the San Bruno Community church on El Camino Real this coming Sunday in the absence of the usual minister. His topic will be "Power Development."

Saiz and a friend, Garner Stenhouse, recently returned from a motoring tour of the Western states and Canada. The two drove as far East as Billings, Montana, and up to Calgary, Alberta, visiting beautiful Teton, Yellowstone, Glacier and Rainier national parks.

In Canada they toured Banff, Kootenai and Waterton Lakes national parks, and on the return trip stopped for a short visit at Saiz' old home in Portland, Oregon.

Solitary Bird

The pied-bill grebe is a solitary bird that likes to sit on the water among the reeds, but it is such a quick mover that it can dive beneath the water swiftly enough to dodge gun shot fire.

Cresta Brothers Stage Barbecue

Cresta Brothers and their family last Sunday staged their annual round-up, a huge Spanish barbecue, for their many friends and for members of the San Mateo county sheriff's posse. Scene of the picturesque affair was the beautiful Cresta rancho located in the hills back of Santa Rosa.

This outing seems to grow larger each year, according to Ed Allen, local member of the posse, who had the pleasure of attending the festival last year and again this year.

Bill Cresta, who incidentally is also a member of the posse, really tried hard to see that everyone had a good time, according to Allen. More than 200 guests who attended the celebration reported it an unqualified success.

"Keep up the good work, Bill," Allen said today. "You showed us a wonderful time on Sunday, and the San Mateo county sheriff's posse wishes to express its appreciation to you."

News of Daly City's Organizations

Hillcrest Circle Druids To Honor Mrs. Fellows

Monday evening, Hillcrest Circle No. 143, United Ancient Order of Druids, will officially receive one of its own charter members as Grand Arch Druidess of the State of California.

Mrs. Madeleine Fellows, 163 Vista Grande avenue, will be guest of honor at Masonic hall at one of the largest receptions Daly City has seen in years.

Mrs. Fellows served as the first arch druidess of Hillcrest Circle, installed at its inception eleven years ago.

Now the State head of the large and influential order of Druids, Mrs. Fellows will be feted by her home circle, Daly City officials and friends for a double reason Monday evening—her official reception and her birthday, which falls on the same day.

Mrs. Fellow's mother, Madame Victorine Lombard, beloved founder of Hillcrest circle, will be general chairman in charge of the affair. Master of ceremonies will be Mrs. Minnie Lino, grand first bard and district deputy.

Scores of invited guests are expected to welcome Mrs. Fellows at the 8:30 p. m. reception which will follow a closed business meeting slated for 7 p. m. Civic and social leaders, out-of-town dignitaries and State officers of the Druids, will be present to extend their felicitations.

Special entertainment, music and refreshments will follow the formal presentations.

The first member of Hillcrest Circle to attain the supreme State office, Mrs. Fellows will serve for a one-year term. She officially took over her duties, June 20, at Jackson, California.

Sew And Sew Club To Meet Tomorrow

Nine ladies of the Sew and Sew club of Crocker PTA enjoyed the hospitality of Mrs. Emma D'Isep at her home on Templeton avenue at their last meeting, July 25.

The club will meet tomorrow at the home of Mrs. Mildred Seiler, 663 Evergreen avenue, at 10:30 a. m. All members are requested to be present as the meeting is very important.

"Please come early and bring sandwiches," urged club leaders.

MRS. FELLOWS

State Office Full-Time Job

To be Grand Arch Druidess of California is one of the highest organizational honors in the State, but is also a full-time job.

Mrs. Madeleine Fellows, 163 Vista Grande avenue, has been more than busy since she was installed as head of the Ancient Order of Druids of California, June 20, in Jackson.

Tonight the capable young clubwoman will make her official visit to Humboldt circle in Eureka. Tomorrow evening she will inspect Nicasio circle at Nicasio.

Last Thursday evening Mrs. Fellows visited Sequoia circle in Angels Camp, and the preceding Thursday was feted by the Sumner circle in Bakersfield with a public reception and barbecue in her honor, attended by leading citizens and city officials.

Trips to other circles, organizational work in all parts of the State, official visits and general executive work have left Mrs. Fellows with little time on her hands.

With 86 circles to visit, Mrs. Fellows' work for the year has just begun. She recently returned from a ten-day trip to Southern California on official Druids organizational work.

A member of Hillcrest Circle No. 143 of Daly City, Mrs. Fellows has taken an active part in social and civic life here for many years.

Vet Firemen Favor Tree Planting Plan

Daly City Veteran Firemen's association unanimously went on record, Friday evening, as favoring the proposed tree-planting project to beautify Daly City.

The tree-planting plan, recently suggested to the Daly City Record by Ed Goldkuhl jr., received much favorable comment among the firemen. It was suggested that the trees be all of a uniform size, kept down to a height of approximately six feet, and be of a species whose roots would not spread to interfere with water and sewer pipes.

Other business handled at the Veteran Firemen's meeting included a report that Comrade M. Johnson was ill. He was wished a speedy recovery, as was Comrade Marshal J. Kester, who has been on the sick list for some time. Kester, who is convalescing, was present at the meeting and gave a short talk. He was warmly welcomed back by his comrades.

Comrade President Gaggero was excused. Comrade Secretary Edward Ford was lucky man of the evening.

Comrade Brown, who resides down the Peninsula, was also present Friday evening.

The meeting adjourned out of respect to the late Mrs. J. J. Kennedy, wife of the late J. J. Kennedy, former chief of the Daly City fire department and member of the Veteran Firemen's association.

Buffet lunch was served by Comrade Chef J. Hesslein.

Shipbuilding Returns—

First ship in 20 years to be launched from the Western Pipe and Steel company plant at South San Francisco will be sent down the ways tomorrow at 12:30 p. m., marking the return of shipbuilding to the west side of San Francisco bay.

Annexation?—

Possibility was seen today that approximately 230 acres of unincorporated territory may be petitioned by residents for annexation to the city of San Bruno.

Industrial Fatality—

Fourth industrial fatality in less than two weeks in North San Mateo county last Wednesday claimed the life of a worker at the Western Pipe and Steel company plant in South San Francisco.

Harold V. Madison, 40, was crushed to death when a 7x14-foot steel plate, weighing nearly a ton, slipped off a crane and fell on him.

In other recent industrial accidents, two men died after being struck by a bolt of electricity that escaped from a cable at the Pacific Gas and Electric company substation in South San Francisco, and a third man died of burns received when a boiling vat of water burst at the Consolidated Chemical company plant on Bayshore highway in Visitation Valley.

Chameleon's Colors
The chameleon does not arbitrarily imitate the hue of the object on which it rests, nor is the process wholly under its control. The changes are reactions to certain conditions of light and temperature and to various emotional states, such as fear and anger. The physical cause may be traced to two differently colored layers of pigment under control of the nervous system. The best known species is ordinarily a greenish-gray, from which it changes to emerald green or to dull black, sometimes showing reddish or yellowish spots.

*"It's what we
planned to do
this fall - NOW
we save 10%"*

I figured it out this way. Present low prices of Gas Heating Equipment are almost certain to go up in times like these. Then I SAVE 10% through buying now (dollars saved are dollars earned). I can afford to buy because no monthly payments will be due until after October 1st. I know a buy when I see one and that is why my home is going to have modern gas heating equipment installed right away. P. S. I like the way the new furnaces with blower-fan and filter operate. They deliver lots of heat in a hurry.
